

Fur

HAVE FUN!

By Jennifer Boothroyd

DISCUSS

Talk through your thoughts.

- Talk about which animals have fur.
- Why do animals have fur? What other coverings do animals have?

CREATE

Make an experience of your own.

- Pick through your clothes. Sort your clothes by how they would “cover” you. Which would be like fur?
- Look through old magazines, cut out pictures of animals. Sort them by their body covering and glue them in groups. Show someone.

IMAGINE

Use your imagination to explore.

- Look around when you go places. Do you see fur? Where? Explore how fur is used by people.
- Imagine that you could change your skin to a different body covering (feathers, fur, scales). Draw a picture of yourself!
