

# My Life as a Bee

By Sharon Callen

## DISCUSS

**Talk through your thoughts.**

- How did little bee change from a baby bee to a busy bee?
- Think about what you were like as a baby. Now think about what you're like as a first grader. How have you changed?

## CREATE

**Make an experience of your own.**

- Ask your parents to help you look through pictures that show you growing up. See if you can find some that show you trying to learn something new.
- Paint or draw a picture of baby bee on page 5. Make sure to include his stripes and his strong wings!

## IMAGINE

**Use your imagination to explore.**

- *My Life as a Bee* is a fictional story. Visit the library and find a non-fiction story about bees to learn more about how real bees start as an egg and grow into an adult.
- Think about your best, best day and your worst, worst day. Tell your family what happened and how it made you feel.
