

Scaredy Squirrel at the Beach

HAVE FUN!

By Melanie Watt

DISCUSS

Talk through your thoughts.

- Talk with someone about what you do when you feel scared. What things scare you? How do you handle those scary feelings? What do adults do when they feel scared?
- Describe how you feel when you are in CROWDS of people (or birds, bugs?).

CREATE

Make an experience of your own.

- Create a Scaredy Squirrel puppet out of things around your house. Using your puppet, retell this story to a friend.
- Scaredy Squirrel had a passport for traveling to the beach. Make your own passport and bring it with you all summer long!

IMAGINE

Use your imagination to explore.

- Imagine you could design a beach. Use your 5 senses and draw or write about what you would SEE, SMELL, HEAR, TASTE, and TOUCH at this beach.
