

From Milk to Ice Cream

By Stacy Taus-Bolstad

DISCUSS

Talk through your thoughts.

- Do you like milk? Why or why not? What do you eat that has milk in it?
- Talk with someone about what other things (food, animals) can change from start to finish.

CREATE

Make an experience of your own.

- With an adult, create something in the kitchen. OPTIONAL: Use milk as an ingredient!
- Photographs help tell this story. Create a story using photographs from the newspaper, magazines, etc.

IMAGINE

Use your imagination to explore.

- Think of the steps for making or doing something. Gather the materials you will need and demonstrate each step to a friend.
- What is your favorite food? Explore how it is made and draw/write about it, start to finish!
