## Discuss

Talk through your thoughts.

- **Before reading:** Amelia Earhart was a famous pilot. Have you ever ridden in an airplane? Tell your friend about a time you got to fly in an airplane. If you have never been in an airplane, tell your friend where you would like to fly to someday, and what you think flying in an airplane would be like.
- **After reading:** Amelia Earhart achieved amazing goals. Tell a friend all about Amelia and what made her famous.

## Create

Make an experience of your own.

- Amelia Earhart was famous for being a pilot. Make some paper airplanes and see which ones fly the best. Why do you think some of them fly better than others?
- Amelia Earhart won lots of awards and broke records. Create a medal or trophy that Amelia could earn with her flying.

## Imagine

Use your imagination to explore.

- Imagine you are a pilot like Amelia Earhart. What would be your favorite part of flying an airplane? Draw a picture of what you think the view would be while you're flying.
- Imagine you have broken a lot of records just like Amelia Earhart, and you were able to meet a lot of famous people because of it. Who would you want to meet? Why? Draw a picture of you with the person you'd like to meet.
