

Why Do Animals Look Like That?

By Sam George

HAVE
FUN!

Discuss

Talk through your thoughts.

- What is your favorite animal?
- What is a polar bear's favorite food?

Create

Make an experience of your own.

- Draw your favorite animal and label its body parts. (Does it have claws, tusks, or a tail?)
- Write a story about your favorite animal. What does it eat? Where does it live?

Imagine

Use your imagination to explore.

- Explore outside for animals around your home. How many can you find?
- Imagine you are a seal. How would you get around? What would you sound like?

Imaginando

Discutiendo. Creando. Explorando.

- ¿Cuál es tu animal favorito?
- ¿Cuál es la comida favorita de un oso polar?
- Dibuja tu animal favorito y etiqueta sus partes del cuerpo. (¿Tiene garras, colmillos o cola?)
- Escribe una historia sobre tu animal favorito. ¿Qué come? ¿Dónde vive?
- Busca por animales fuera de tu casa. ¿Cuántos puedes encontrar?
- Imagina que eres una foca. ¿Cómo te las arreglarías? ¿Cómo sonarías?
